DETAILED ACTION

1. The Examiner's previous Office Action made final on (7/18/06) is vacated.

Allowable Subject Matter

2. Claims 1-9 are allowed.
3. The following is an examiner's statement of reasons for allowance.

Prior art of record fails to teach or fairly suggest a wireless communication device for communicating information from a bidirectional high speed data cable modem via an Ethernet connection using a first radio transceiver at a first location and communicating with a second radio transceiver at a customer's premises comprising a housing containing a interchangeable bidirectional high speed data modem operably connected to a first radio transceiver, a first radio processor card, and a switching power supply, wherein the housing further comprises a mounting bracket to connect the housing to a strand comprising a coaxial cable; a splitter adapted to engage the coaxial cable and split the RF spectrum signal from AC power, wherein the switching power supply converts the AC power to DC power; and at least one heating and cooling device adapted to heat and cool the contents of the housing as recited in independent claim 1 and shown in figure 1 (please see paper dated 8/29/06 page 2 for support in Examiner's reason for allowance).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
